Insert 1/4 inch below from the front to the back to create a vertical stitch. Bring the needle up on one side at the top of the vertical stitch, from the back to the front. Just to the bottom-right of the right beak stitch, pull the remaining tail to the back of the body. Turn the body over and tie the ends together. Weave in the ends.

Step 3: **Eyes**-Glue two 6 mm half-round ball eyes above the beak using craft glue. Tie a small bow with the red yarn and glue to the neck. Allow the glue to dry.
