

Materials

Nylon jewelry thread
Metallic seed beads - Approximately 155
Purple blister pearls - 5
Crimp beads - 2
Crimp pliers
Jewelry clasp

Instructions

1. Cut the nylon wire to the length of necklace you desire.
2. Thread a crimp bead onto one end and slide the end of the line through the loop in one end of the clasp.
3. Double the line back through the crimp bead and compress to secure.
4. Thread 45 seed beads onto the line - random color mixture.
5. Thread a blister pearl onto the line.
6. Thread 5 to 7 more beads onto the line, then loop the line back over the blister pearl and pass it through the pearl again so the beads go over the pearl.
7. Add 45 more beads and repeat until the line is filled.
8. Use a crimp bead to secure the other end of the clasp.
