Honeycomb Scarf Pattern

This scarf is easier to make than it might look; the only skills you need are chaining stitches, double crocheting and single crocheting.

To begin, chain 23 stitches. Then work through each of the following as directed:

- **Foundation row:** Sc in the second chain from your hook. Work 1 sc in each chain until the end of the row. Chain 3 and turn.
- **Row 1:** Skip 1 sc. Work 1 dc in the next sc, then chain 2 and work another dc in the same stitch. This is known as a V stitch. Continue V-stitching until the last 2 sc, then skip 1 sc and do 1 dc in the last sc. Chain 3 and turn.
- **Row 2:** Skip 1 sc. V-stitch under the chain-2 from the previous row; in other words, work the V-stitch through the opening in the "V" stitch directly below it. The arrows in the image below indicate where you should work the stitches (there are 7 Vs in each row). Work 1 dc in the turning chain from the previous row (see next image below). Chain 3 and turn.
Where to work the V stitches on subsequent rows.

Where to work the final dc in any given row.
• Repeat Row 2 until the scarf is as long as you like. At the end of the last row, chain 1 and turn.
• Ending row: Sc in the first dc. (Work 2 sc underneath the chain-2 from the first V stitch, then work 1 sc in the next dc.) Repeat everything within () until you read the end of the row. Work 1 sc in the final dc.
• Finishing: Clip the yarn and draw the tail end through the last loop on the hook. Use a yarn needle or your crochet hook to weave the tail ends of the yarn into the scarf.
