

Creation Book

The Bible tells of the days of creation and how God made the Earth and all that was in it in only six days. Kids can create a mobile out of sticks and hang pictures of the various things mentioned in the creation story such as a moon, a sun, water, animals and Adam and Eve. Kids can also create a book to help them remember the story.

Supplies

- Construction paper
- Scissors
- Cotton balls
- Star stickers
- Glue
- Stapler

Instructions

1. Cut a piece of yellow paper in half and glue it onto a piece of black paper to symbolize God creating the light and the dark on the first day
2. Glue cotton balls on a piece of blue paper to represent the clouds and sky created on day two
3. Cut grass and flowers out of paper and glue them onto blue paper to represent land and grass that God made on the third day
4. Cut a moon and a sun shape out of construction paper and put it onto blue or black paper with some star stickers to represent day four of creation
5. Draw and cut out pictures of birds and fish and glue them onto any color paper to represent day five
6. Draw and cut out images of animals and Adam and Eve and glue them onto paper to represent day six
7. Write the word "Rest" on a piece of paper to represent day seven
8. Create a cover
9. Staple the pages together to create a book

This book will create a good reference for kids to help them remember what was created on each of the days. Older children can add text and page numbers if desired.
