

Finger Ruler Ring Size Chart

1. Print out this finger ruler without resizing.
2. Measure your printout to make sure it is exactly three and a half inches long.
3. Cut out the ruler and wrap it around your finger, allowing end A to overlap end B.
4. Use a pencil to mark the spot where end A overlaps end B.
5. Unwrap the ruler from your finger.
6. Tape the ruler into a ring shape according to the spot you marked with your pencil.
7. If your size falls between two marks, you'll need a half-size.
8. Practice sliding the paper ring on and off your finger to confirm you have marked the correct size.
