

## Glittering Branches

Display groups and bunches of glittering silver and gold branches in vases and buckets around the room or place a few together in a centerpiece for the table.

### Materials

- Dried sticks or branches stripped of leaves
- Scissors
- Newspaper
- Gold and silver glitter spray paint

### Instructions

1. Gather together several sticks and branches of varying lengths and sizes. Make sure they are dried and have no leaves attached.
2. Trim off any small twigs as desired.
3. Lay out the branches on top of some newspaper. Make sure they do not overlap one another.
4. Spray them with either gold or silver glitter spray paint, sweeping the spray paint over them to get good coverage without any drips.
5. Allow the paint to dry, then flip over branches and spray the other side.
6. Let them dry, then arrange them in groups around the room.
