Science Classroom Rules

#1 - No rough-housing, running, or other horseplay.

#2 - Be courteous and quiet, so everyone can work.
#3 - No gum, eating, or drinking in the classroom.

#4 - If you're working in the lab, always wear safety gear.

#5 Let your teacher know if there is a spill or accident.
#6 - Know the locations of any exits and all safety equipment.

#7 - Always read instructions carefully, especially in the lab.

#8 - Never touch anything in the lab until you’re given instructions.
